

Grievance and Appeals - Student

The intention of the College Student Grievance and Appeals Policy and Procedure is to handle student grievances and appeals with expediency, confidentiality and to the satisfaction of students, staff and the College.

A suggestion box is set up in the reception area of the College. Any student wishing to air a grievance by using this facility may make a suggestion. All suggestions will be considered at the next staff meeting

If any student wishes to discuss a grievance or appeal they should talk initially with the person involved. If not satisfied the student may then access the appropriate management representative.

The College Grievance and Appeals Policy and Procedure DoEs not remove the right of the student to take action under Australia's consumer protection laws. If the student may involve an independent 3rd party (having no relationship to the College and an ability to handle the grievance in a timely manner) at any stage of the grievance process.

The College has in place arrangements for a person or body independent of and external to the College to hear complaints or appeals arising from the college's internal complaints and appeals process to refer students to an existing body where that body is appropriate for the complaint or appeal. Each party may be accompanied and assisted by a support person at any relevant meetings.

The College takes seriously any matter that affects the students' adjustment to life and study in Australia and has enacted this Grievance and Appeals Policy and Procedure to assist students to resolve problems which could impede successful completion of their study programs.

Procedure

1. Student Grievance and Appeals Policy and Procedure is made available in pre and post registration information, orientation program, student handbook, College Policy and Procedure Manual;
